

Staff Report

Memo Date: June 17th, 2024
To: Village Board of Trustees
From: JJ Larson, Deputy Administrator/Director of Administrative Services
Subject: 2024 Community Survey Results

Background/Overview

The Village conducted our second annual Community Survey this spring. This tool is designed to gauge residents' general satisfaction level with the services provided by the Village. The value from this type of survey can increase over time as trends emerge (good or bad) from additional years of survey data. The data collected provides elected officials and staff valuable feedback to possibly adjust service delivery to address issues or concerns. The Village's second annual Community Survey was publicly available from early March to late May. There was a total of 584 responses, a 78% completion rate, and an average time spent on the survey of 5 minutes.

Who completed our survey?

- 17% of respondents live and work in the Village, while the majority (55%) live in the Village and work elsewhere.
- Respondents were spread evenly across the Village.
- 26% of respondents have lived in the Village for less than 5 years and 27% for more than 20 years.
- 85% of respondents live in a single-family house and 94% of respondents own their current home.
- Most respondents were aged 35 – 54 (59%).

Executive Summary of Results

- 81% say Village services have stayed the same or improved in the last year.
- A vast majority rate the Village as an excellent/good place to live, raise a family and play.
- Overall, respondents are satisfied or very satisfied with the services offered by the Village.
- Most respondents feel the Village is doing well in the quality and effectiveness of communications efforts.
- Again this year most respondents are satisfied or very satisfied with the Village's election administration.
- Respondents have overwhelming positive opinions of all Public Safety services (Police, Fire & EMS).
- There were two new questions related to housing affordability and diversity.
 - Most respondents rate housing as somewhat or extremely unaffordable in the Village.
 - Most believe it is important or extremely important that the community has diverse housing options.
- The Village's parks system and recreation programming remains incredibly popular.
- Respondents are satisfied with all the services provided by Public Works.

New for 2024 Survey and Beyond

- A new question was added related to potential new municipal services. Respondents were asked to share the maximum tax impact they are willing to support to add said services.
- We also added an open-ended comments section.

Complete Survey Results

The following pages are a complete breakdown of the 2024 Community Survey responses including the change from the 2023 responses.

What is your relationship to the Village of Cottage Grove?

How would you rate your satisfaction in the overall value of Village services and programs received versus property taxes spent?

The following questions were added to the 2024 Survey with the following descriptive lead-in:

*The following questions are related to services the Village does not currently provide or provides on a limited scale; please indicate the **highest** level of property tax increase you would be willing to support towards providing any/all of the services listed. (please note: the Village Board is not currently proposing any of these services. The data gathered will help inform the Board of general support.) **The following tax figures are based on the average assessed Village home of \$315,000 (e.g. the figures below would double for a \$630,000 home).***

**Aquatics Center
2024**

Would not support this service at any level of property tax increase	50.55%
\$50 - \$200 increase to property tax	35.67%
\$201 - \$500 increase to property tax	10.50%
\$501 - \$800 increase to property tax	1.31%
\$801 - \$1,000 increase to property tax	0.88%
\$1,000 + increase to property tax	1.09%
